

The purpose of the 120-credit hour program with split majors in Biblical Studies and Biblical Counseling culminating in a Bachelor of Science degree is to provide a biblical model for biblical counseling. The training will prepare men and women to engage in church, parachurch, or private biblical counseling, and provide a base for seminary or other graduate training. The courses offered in the curriculum are not designed to meet academic or other requirements of the State of Texas for licensure as a professional counselor. Upon completion of the program, successful students will:

1. Demonstrate an understanding of the Biblical Framework model for biblical counseling.
2. Apply principles of biblical counseling to specific counseling situations.

On-ground students take only one course at a time in the CBS core curriculum, attending one 4-hour class session each week, with breakout times for independent, as well as small-
